

PREDICTIVE TERMS

Vocabulary for identifying prediction, suggestion, and pattern recognition requests

Request Indicators

suggest

recommend

predict

forecast

anticipate

expect

foresee

estimate

project

advise

Pattern Recognition

pattern

trend

correlation

tendency

progression

sequence

regularity

recurrence

frequency

consistency

Suggestion Types

option

alternative
possibility
choice
selection
recommendation
proposal
idea
solution
approach

Predictive Indicators

likely
probably
possibly
potentially
presumably
may
might
could
should
would

Future-Oriented Terms

upcoming
forthcoming
imminent
approaching
future
next
soon

eventually
later
afterward

Trend Analysis

growing
rising
declining
increasing
decreasing
emerging
fading
accelerating
slowing
stabilizing

certainly
definitely
probably
possibly
maybe
perhaps
uncertain
doubtful
likely
unlikely

Decision Support

help me decide

which is better
what should I
best option
optimal choice
compare options
pros and cons
benefits of
drawbacks of
advantages of

Predictive Questions

what will happen if
when should I
how will this affect
what comes next
will this work
is this a good idea
what are the chances
how likely is
what's the outcome
what's the forecast

Predictive Emojis

 (crystal ball)

 (chart)

 (upward trend)

 (downward trend)

 (target)

 (balance)

 (magnifying glass)

 (puzzle piece)

 (timer)

 (brain)
